THREE RECORDS REDUCED

ENVY, COLLE AND CHARLEY McFERRAN MAKE NEW MARKS AT HAVANA.

Constant Improvement in Condition of Course at Oriental Park Reflected in Gradual Reduction of Time Marks for Various Distances.

Havana, Cuba. February 26.—The winner of the three-quarter mile handicap that served as the principal feature of today's card at oriental Park came from an unexpected quarter when William Gerst's Colle got up to heat Encore, the pacemaker. Both of these horses were quoted at liberal odds in the betting. Republican was backed into favoritism over Cliff Field for the race, but seemingly was not ready after a long absence from the races and was unplaced at the finish, while Cliff Field ran third. The time of the race, 1:15%, represented a new track record.

Cooster and Laura, the two choices, had the opening dash to themselves at all stages, and the former finally heat the favorite. Nash, well backed as first choice for the second race, scored over Springmass in a thrilling drive.

Lavy, in winning the third race by a neck from Spolm, reduced the track record for five-eighths of a mile to 1:0345. The track record for five and a half furlongs was also reduced when Charley Meferran, in winning the closing race, ran the distance in 1:0945.

L W Hedvick has said the filly Colden Lassio.

Ferran, in winning the closing race, ran the distance in 1:0945.

J. W. Hedrick has sold the filly Golden Lassle to Thomas Cheek and has resold the filly Scarlet Oaks to A. F. Dayton.

Dennis Teahan, a Windsor, Ont., business man and father of jockey F. Teahan, was a recent arrival. He will purchase a small stable to be campaigned next summer on the Canadian circuit.

Jockeys F. Coleman, J. Dreyer and T. Nolan were before the stewards in an inquiry, the object of which is to check rough riding at the course. The latter two were sharply warned by the stewards, who intend to curb this practice in the future by stringent means.

of which is to check rough riding at the course. The latter two were sharply warned by the stewards, who intend to curb this practice in the future by stringent means.

A bovelty race is carded for tomorrow, when two thoroughbreds, two foot runners, one automobile and one motorcycle will compete in a special handicap between the third and fourth races for thoroughbreds.

GENERAL NEWS NOTES OF THE DAY.

It is learned that identical notes were sent by the United States to Great Britain and Germany after the cabinet meeting last Friday and that they contained the following proposals: "Great Britain and Germany are asked in the interests of lumanity and the safeguarding of legitimate commerce to remove all mines from the high seas except those directly necessary for the protection of coast defenses and barbors. Great Britain is asked to acquiesce in a plan to permit the distribution of foodstuffs to the civilian population of Germany. Germany is asked to abandon its submarine warfare on merchant ships if the proposed food arrangement is made with Great Britain."

The steamer Mongolian of the Allan line, bound

if the proposed food arrangement is made with Great Britain."

The steamer Mongolian of the Allan line, bound from Philadelphia for Glasgow, Scotland, is in distress 400 miles off Cape Race. The Mongolian was said to be calling for help and leaking badly. The Red Cross there Stephano is about 416 miles from Hallifax and is rushing to the assistance of the Mongolian. A message to Bowering & Co., agents for the Stephano, from J. R. Bennett, acting premier of Newfoundland, said that the Mongolian had 200 passengers aboard, but Philadelphia reports say she sailed without passengers. The crew numbers sixty. The coast guard ship Seneca reported late yesterday afternoon by wireless via Cape Race that it was convoying the steamer Mongolian into Hallifax and that the steamer was leaking badly.

The outlook for an adjustment of the differences between China and Japan has improved distinctly. The conferences between representatives of the two mations apparently are progressing toward a compromise. The Japanese government has given indications which are regarded as definite that it will not insist for the present upon the group of general demands which if presented. These include the chief points upon which China based her resistance to the representations from Tokio.

Supreme Court Justice Weeks denied the application for a new trial made by counsel for former lieutenant of police Charles Becker, who is under sentence of death for the murder of Herman Rosenthal in New York. The application was based on an alleged affidavit by James Marshall, a negro, who restified at the second trial of Becker, in which he recauted his testimony.

The trial of Harry K. Thaw on conspiracy charges growing out of his escape from Matteawan has been postponed to March 8. The senate by a vote of 41 to 24 killed the navy plucking board.

H. C. HALLENBECK BUYS SEVEN JUVENILES.

Lexington, Ky., February 26.—H. C. Hellenbeck, wealthy New York turfman, who, in company with Frank M. JUAREZ CARD IS DECLARED OFF.

Heavy Rain Causes So Many Scratches That Manage ment Deems It Wise to Suspend Racing.

El Paso, Tex., February 26.—Heavy rains this morning rendered the Juarez track muddy and in consequence the card was so riddled by withdrawals that the management decided to declare the races off for this afternoon.

A new card was prepared for Saturday, when the meeting will be resumed. The probabilities are for clear weather tomorrow.

The Arizona senate committee today recommended for passage a bill providing for a state racing commission and legalizing betting on horse races with the pari-mutnel system.

The Washington state senate committee has reported favorably a bill providing for mutuels for fairs and racing with a limit of fourteen days to each meeting.

Governor Ferguson of Texas ordered the customs officials here today to place an embargo on the importation of all live stock from Mexico owing to the spread of the hoof and mouth disease in Chihuahua. Collector of Customs Zack Cobb has wired the state executive asking him to permit the thoroughbreds racing at Juarez to be transferred across the boundary when the owners desire. He has announced to the horsemen that he is positive that his request will be granted, as all horses racing at Juarez are in a healthy condition.

RACING IN ENGLAND IS COSTLY.

DUKE OF PORTLAND WITHDRAWS ENTRIES

The following cable comes from London: "The Duke of Portland, who for thirty years has been one of the leading figures on the English turf, has caused to be cancelled all his racing entries for the Epsom track, including the Derby for both 1915 and 1916, because of the refusal of the Epsom as osciation to do without the use of its clubhouse for a few days. This building is now being used as a military hospital, and the Epsom association is shortly to hold its regular meeting. When the association permitted the occupancy of its building as a hospital it stipulated that the house be returned to it for its coming conference. In a letter of protest to the club committee the duke wrote: "Surely for one year the few followers of racing should be only too glad to ferego their luncheous if by so doing it becomes unnecessary to disturb British soldiers who have been wounded for the sake of their country."

BREEDING BUREAU GETS TWO STALLIONS.

New York, February 26.—Horsemen concur in the belief that the breeding bureau of the Jockey Club was given a decided impetus this week by the addition of Migraine and Fauntleroy. Both of these horses, the gifts of J. E. Madden and H. C. Hallenbeck, respectively, have creditable records on the turf, and are expected to prove high-class stud horses. One will be placed in the stable of the Piping Rock Club at Locust Valley, L. I., while the other will be located at the Essex Fox Hunting Club at Peapack, N. J. Migraine is by the imported Top Gallant out of the great mare Cinderella. Fauntleroy was foaled in 1907, by Little Saint out of Flickamaroo, and has fifteen races and four stakes to his credit. These include the Nursery, Champagne, Walden and Invincible Handicap. Both Fauntleroy and Migraine are over 16.1 and weigh in the neighborhood of 1.200 pounds.

James McLaughlin, Jr., has opened a public stable at Sheepshead Bay and is getting together a useful stable for the 1915 season. Chief among his charges is the gelding Ambrose.

is the genting Ambrose.

Evidently great bitterness has been aroused in the Arkansas senate over the Sawyer racing bill. A committee of the senate is investigating charges made on the senate floor by Senator Toler that senators had been bribed to support the bill. He charged certain senators had received \$10,000 each.

It is said that at the next meeting of the Jockey Club action will be taken to put an end to the prac-tice of issuing temporary licenses to jockeys and trainers. In the past the stewards of the various jockey clubs have been empowered to grant special licenses to trainers and jockeys, good only during the meeting over which they presided.

ENGLISH VIEW OF AMERICAN BREEDING.

That horse racing in the States is now well on the road to complete recovery from the setback of a few years ago caused by the repressive anti-betting laws is made more than ever manifest by the stallion advertisements in the American sporting papers. In a prominent weekly consisting of twelve pages no fewer than six are filled with advertisements of sires of the season. That American owners of stallions as a body are more alive to the advantages of "bold advertisement" than owners on this side of the Atlantic is shown by the much greater prominence of their announcements. Displayed advertisements of from a sixteenth to a quarter or half a column per horse are the rule, with in practically That horse racing in the States is now be road to complete recovery from the setba

every case a tabulated pedigree showing each horse's ancestry to the third or fourth remove and the stallion's name in war type, also full details of the performances of himself and his chief sons and daughters on the race course. Perhaps the most reassuring thing in connection with the boom in advertising stallions consists in the fact that a number of the chief breeders, although themselves race horse owners, are offering their best stallions for public service, for this insures the improvement of the breed at large in that it stimulates competition. In the result small owners of race horses will before long be in a better position to compete with the big stables than used to be the case. Mr. August Belmont, for example, who was recently recelected chairman of the Jockey Club, advertises four good stallions for public service at moderate fees. Trap Rock, a brother to Tracery, cannot be dear at forty sovereigns, for he was a good winner. Neither can Vulcain be regarded as expensive at twenty sovereigns. By Rock Sand—Lady of the Vale, by Bend Or, Vulcain was bred in France in 1910, and it will be remembered was backed for our Derby, but met with a mishap and was not sent over. He ran only as a three-year-old and wonthere case out of four.

Mr. Whitney, too, is placing five stallions at the service of the American public, from Peter Pan and Broomstick, each at 100 sovereigns—which

EUROPEAN WAR DEVELOPMENTS.

New battles of immense magnitude are developing on the eastern war fronts. The Germans, apparently having found the Russian fortress line around the east Prussian frontier too strong for them, are attempting to make their way to Warsaw from the northwest and, starting from Miawa, which has been the base of several previous offensive operations, have penetrated as far as the important town of Przasnysz, which is almost directly north of the Polish capital. They claim to have captured there of Przasnysz, which is almost directly north of the Polish capital. They claim to have captured there north Poland, so that they must be in strong force in that territory. On the Rzura and Rawka rivers, directly west of Warsaw, from which direction the Germans early in the year made such desperate attempts to reach the city, the Russians are on the German early in the year made such desperate attempts to reach the city, the Russians are on the offensive, and, according to the German report, have made a slight advance in the vicinity of Bolimow. In western Galicia and along the Carpathian ranges battles are still being fought without slackening, and thence through eastern. Galicia and Bockowina the Russian and Austro-German forces are fighting stubbornly.

are fighting stubbornly.

Successful operations of German submarines in British waters have resulted in the issuance of secret orders by the British admiralty for all transAtlantic liners to remain in port until further notice. This news caused a sensation in maritime
circles when it became known. Officials of the
steamship lines refused to comment on the order
and the admiralty maintained its customary retigence, but reports are in circulation that the British
naval authorities have secured information that a
fleet of submarines has succeeded in reaching the
Irish sea and is lying in wait for the big liners.
Pending revocation of the order, no Americans can
leave for the United States from English ports.
Those wishing to return to America can do so only
by going to France, and if they do this they risk
their lives in the English channel.

At the Berlin war office the following state-

At the Berlin war office the following statement was issued: "The following Russian generals were captured in the battle of the Mazurian lakes: The commanding general of the 20th army corps, also the commander of artillery, and the commanders of the 28th and 29th divisions of infantry, also the commander of the 1st brigade of infantry. The commander of the 29th died. From the 3rd army corps we captured the commander of the 27th division of infantry; also the commanders of artillery and of the 2nd brigade of infantry. From the 53rd reserve division those captured include the commander and also the commander of the 1st brigade of infantry. From the first Siberian division of infantry.

The bombardment by the allied British and French fleets has reduced all the Turkish forts at the entrance to the Dardanelles. These are the fortresses at Sedd-ul-Bahr on the European side and Koum Kaleh on the Asiatic side of the channel and facing the entrance from the Aegean sea. This announcement was made in an official statement given out by the British admiralty. The announcement adds that the "operations are continuing." This is taken to mean that the allied fleets now are engaged in an attack on the inner works and on the earthworks hastily erected on both the European and Asiatic sides of the Dardanelles.

Constantionale declares that three warships of the

Constantinople declares that three warships of the allies were damaged in the bembardment of the Dardenelles forts. The statement follows: "Ten big armored vessels on February 25 again bombarded the Turkish forts at the Dardanelles for seven and one-half hours. At the conclusion of this operation they retired in the direction of the Island of Tenedes. One ship of the Agamemnou type and two other armored vessels were damaged by the fire from the forts on the Asiatic side of the straits."

Dattich is less were made "Special"

from the forts on the Asiatic side of the straits."

All ports in the British isles were made "special ports," requiring special rates of war risk insurance from the government bureau at Washington by an order issued by Secretary of the Treasury McAdoo. The only ports in the United Kingdom under former orders are those on the North sea, north of London. The order also extends the special port zone on the continent to include Bordeaux. The previous limit was Dunkirk. The bureau reserves the right to refuse insurance to these ports.

Petrograd reports that by another rapid shift of his troops. Field Marshal von Hindenburg has massed a German army believed to number at least 250,000 men on the front between the Bohr and Vistula rivers and is making desocrate attacks in an attempt to cut through the Russians there before the newly assumed offensive of Grand Duke Nicholas' troops west of Warsaw compels the retreat of the weakened German army there.

Three members of the crew of the American steamer Carib lost their lives when their ship was sunk Tuesday in the North sea, supposedly by a mine. It has been learned that the Carib went down off Borkum island, at the mouth of the Emsriver, and not as was first understood, near Helgoland, which is forty-five miles northwest of the months of the Elbe and Weser rivers. The American steamer Evelyn also was sunk off Borkum island.

A dispatch to Reuter's Telegram company from Capetown, says it is reported there that Lieut.-Col. S. G. Maritz, the rebelliouus Boer leader, has been arrested and sent to Windhoek, Cape Colony, as a prisoner. A dispatch from Pretoria on February 10, said newspapers there had published a report that Colonel Maritz had been executed by the Germans for treachery.

It is officially announced that hereafter all persons desiring to go to Holland from England must obtain a permit from the home office three days before saling. They must state the object of their journey and, if it is on business, must file a certificate from their employer. All applicants must furnish as references the names of two British subjects.

A lifeboat bearing the name of the missing British tank steamer, Weehawken of Swansea, was picked up on the shore at Anglesey, near the scene of the shking of the steamer Cambank, which was topedoed February 20 in the Irish sea. The Weehawken, a vessel of 2,101 tons, was built in 1891. It arrived at Newport, Eng., February 9, from Cuba.

C. Lenoir, deputy for Rheims, who was in that city during its recent bombardment by the Germans, says more than 2,000 shells were thrown on the old working quarter of the town, causing the destruction of 400 houses. Fires broke out in twenty places at once and whole blocks collapsed like cardhouses.

Two additions to the war's long list of disasters.

Two additions to the war's long list of disasters at sea were made known yesterday. The French destroyer Dague struck an Austrian mine in the Adriatic and went down with probably thirty-eight men. The Swedish merchautman Swarton was damaged badly by a mine or torpedo in the North sea, but was able to reach a Dutch port.

was able to reach a butch port.

An imperial ordinance was issued at Vienna Wednesday fixing the daily consumption of wheat at ten onneces and of flour at seven ownees a person. The Hingarian government has ordered the municipalities to requisition all available flour and to allow only thirteen pounds a person a month.

The captain of the Dacia decided to change his course, and instead of proceeding through the British channel has taken the vessel by the northern route. The change in the vessel's course was decided on, it was believed, to avoid the mine fields in the North sea.

This dispatch comes from Berlin: "The German minister at Berne, Switzerland, declares there are 58,627 German prisoners of war interned in France, Great Britain and Russia. In Germany there are now about 700,600 prisoners of war."

now about 700,000 prisoners of war.

An official communication from the staff of the Russian army of the Caucasus says: "Attempts of the Turkish forces on February 23 to selze the heights on the left bank of the River Ischalson were repulsed with heavy losses for them."

A German submarine is believed to have been destroyed on the coast of North Wales. Wreckage is being washed ashore. Among the debris there were found charts of German and English ports. A Russian defeat in the Caucasus, north of Artwin, by Turkish troops was officially announced at Constantinople. The Russians suffered heavy losses and were forced to retreat it is claimed.

The use of rye, barley, wheat, buckwheat and potatoes for the manufacture of spirits has been prohibited in Denmark.

No ship has taken a single passenger from Eugland to Holland since February 18, says the London Daily Express.

The Dutch government has increased the amount of the extraordinary war credit from \$12,000,600 to \$20,600,600.
